

Google Classroom tips

If your parent/carer has a Google account (for example, Gmail) and you cannot access your learning, check in the top right-hand corner of the browser that the account has not switched from your account to your parent/carer's account.

Choose **View your work** under the **Classwork** tab to see all the work that has been set.

You will be able to see what work has been assigned, what has been turned in, and what has been marked and returned.

Remember to **Turn in** the finished work, ready for marking.

Tasks shown on the stream in grey have been handed in.

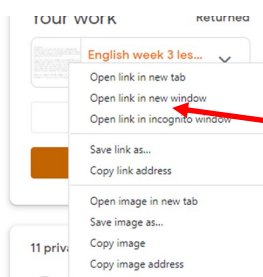

If you have submitted your work as an image, follow these steps to view the comments your teacher has made on the image:

When your work is returned, you will see this box in the top right-hand corner of the screen when you **View assignment**.

If you click on the thumbnail of your work, you will not be able to see the teacher's comments. Instead, right-click on it.

These options will be given; you need to select **Open link in new window**. This will then allow you to see what your teacher has commented on and highlighted on your work.

Remote learning tips from Google

- 1) Where possible, have a dedicated space for learning.
- 2) Establish a daily schedule and routine.
- 3) Encourage screen breaks and physical activity away from devices.
- 4) Ensure your child only uses official school communication channels.
- 5) Familiarise yourself with your school's remote learning policy and plan.
- 6) Ensure your child has a drink with them (hydration is key).
- 7) Keep in contact with your child's school - reach out for help when you need it.
